ABOUT ME

I am a **Physics major** student (Int. MSc.) at the **National Institute of Science Education and Research** (NISER), Bhubaneswar (India). Apart from Physics, I have a keen interest in **Robotics and Technology**. I also love programming from the core of my heart. I am a **self-taught programmer** and have been learning new things on my own. These days I am finding myself more invloved in topics like **Machine Learning**, **Deep Learning** and **Image Processing**. As a member of the **RoboTech Club (RTC)** of NISER, I am trying to develop an autonomous rover using my **Reinforcement Learning** skills.
